

# BizCenterLOGIX™

## Premier Business Center Solution

Now you can provide high speed Internet access and business services to your patrons.

Hotels, resorts, libraries, and many other establishments use BizCenterLOGIX™ as their complete business center solution.

### Proven Security and Reliability

The BizCenterLOGIX solution meets your customers' needs and adds a revenue stream to your property. Powered by the leading browser software, NetStop™, the system is secure, reliable, and 100% tamper proof. Our remote management ensures the business center is operational to provide services and generate revenue. There are currently 21,000 NetStop 5.0 Licenses in over 61 countries.

Credit cards, access cards, or prepaid card are accepted. You provide the space, the furniture, the electricity, high speed Internet access, and the paper. We provide all the hardware, software, toner, cartridges, and technical support. You receive 15% of all collected revenue.

### The Smart Investment - BizCenterLOGIX

- Increases customer satisfaction
- Brings new customers in the door
- Provides a consistent revenue stream to your property
